Web Site Maintenance Plan

If you already have a web site, you will need to keep it up to date. Café Networks can do this for you. We will make amendments to your web site – when you need us to. Our *Site Maintenance Plan* will allow you to have your site updated on demand. It is a speedy and reliable service.

Pay as you go top up plan

Buy maintenance units. When ever you need some work doing, simply order your amendments by phone or e-mail. Your account will be adjusted accordingly. If you run out of maintenance credits, simply top up with more.

How it works

We send you an order form. You decide how many maintenance units you want to purchase. Send the form back and we will invoice you. Each unit is worth 15 minutes of work time.

The maintenance units do not expire – you can use them until they are finished. You use them as and when you need to. We will send you a detailed statement of account so you can see exactly how much you have used and how much is left on your account.

To use the service you need to purchase your units in advance. Then you can order changes to your web site on demand. We guarantee to make the changes you require within 24 hours (during the working week).

Maintenance plans can be used on more than one web site. Time can be used for amendments to content, changes to structure, images, hosting management and domain name management (but not for training or consultancy services.)

It's very simple but above all it's reliable.

Maintenance Plan Charges 2006 (applicable from 1/1/2007 to 31/3/07).

Units	Price £	Units	Discount	Price £
4	25.00	16	5%	95.00
8	50.00	20	8%	115.00
12	75.00	24	10%	135.00

These above prices are exclusive of VAT

To order a maintenance plan, print the form below and return it to Café Networks.
